# **Business Jet Access Offers Falcon 900 for Charter**

## **Summer Savings up to 10% Offered on BJA Charter Fleet**

**July 21, 2009 Love Field, Dallas, TX...**Business Jet Access (BJA), a leading aviation services provider, has added a Falcon 900B to its FAR Part 135 Air Carrier Certificate. The aircraft, which has a seating configuration for up to 13 passengers, is a low-time aircraft and has an intercontinental range of approximately 4,300 nautical miles.

“The Falcon 900 is a very flexible aircraft which customers can use for a variety of missions,” said Jamie Rose, Executive Flight Solutions Manager for BJA. “It has an extremely spacious cabin that is ideal for longer flights including international destinations.”

Rose also noted that BJA is offering summer savings incentives with discounts up to 10% on all aircraft in its charter fleet.

For the Falcon 900, the cabin is configured in several distinct seating areas including a club/conference arrangement for on-board meetings as well as an in-flight dining area. It has an enclosed lavatory and a full galley including a microwave. Cabin amenities include a DVD player, Air Show and Cabin Attendant. BJA is offering a special charter base rate for the aircraft at \$5,200 per flight hour.

BJA, which has obtained a Platinum rating by Aviation Research Group/US (ARG/US), now has a total of nine aircraft on its Air Carrier Certificate including a BAC 1-11 with 30 executive seats, two Citation VIIIs, two Challenger 300s, and one each Gulfstream III, Falcon 900 and King Air 350.

In addition to achieving the ARG/US Platinum rating, BJA is an authorized air carrier for conducting flights into and out of Ronald Reagan National Airport (DCA) in Washington, D.C. BJA was the first FAR Part 135 aircraft charter provider in the Dallas-Fort Worth area since September 11, 2001 to gain this authorization.
